The Town of Morrison Announces
Response to COVID-19 Novel Coronavirus

For health and safety of employees and community, unprecedented changes in Town operations effective Monday, March 16 tentatively through Friday, April 17

Morrison, Colorado —Starting March 16, 2020 The Town of Morrison is cancelling all non-essential, non-government meetings, events and has closed public access to town-owned facilities on a rolling basis to limit exposure and slow the transmission of the COVID-19 novel coronavirus.

The measure is one of a series of steps taken Monday by Town Manager, Kara Winters to protect the Morrison community and Town workforce.

“The Town of Morrison is taking what we feel are cautious steps, in partnership with Jefferson County and the State of Colorado. Our priority is the health of our community members, maintaining essential Town services, and taking steps to help minimize the spread of COVID-19. We ask for your patience, and cooperation, in this effort,” said Sean Forey, Mayor of Morrison, Colorado

Other steps include operational changes and closures of Town facilities to limit person-to-person spread of the virus. These changes include but may not be limited to; shifting non-essential services to telephone-only; and reduction of hours for various departments. Municipal Court has been continued from March and April to a date to be determined.

The Mayor is requiring non-essential, non-public safety municipal workers, whose duties allow, to begin making arrangements with supervisors to temporarily work remotely from home, through April 17, 2020. The goal of these arrangements is to continue to provide as many Town services as possible while minimizing in-person contact.
