**NOTICE OF JEFFERSON COUNTY PUBLIC HEALTH ORDER 20-002 REQUIRING
ALL INDIVIDUALS IN JEFFERSON COUNTY TO STAY AT HOME, INCLUDING
DEFINITIONS AND EXEMPTIONS**

The Jefferson County Public Health (JCPH) is working to stop the spread of coronavirus 2019 (COVID-19). To support this effort, I find it necessary to implement emergency measures to require all individuals in Jefferson County, Colorado, to stay at home in an effort to protect and preserve the public health.

I. FINDINGS

COVID-19 was first detected in Wuhan, China in late 2019, and since then has spread to over 60 countries, including the United States. COVID-19 is a respiratory illness transmitted like other respiratory illness through person-to-person contact or by contact with surfaces contaminated with the virus. Persons infected with COVID-19 may become symptomatic anywhere from two to fourteen days after exposure. Symptoms include fever, cough or shortness of breath or difficulty breathing. Individuals with serious chronic health conditions and older adults are most at risk for becoming very ill with this disease.

On March 10, 2020, the Governor of Colorado declared a State of Emergency relating to the presence of COVID-19.

On March 13, 2020, the Chairman of the Jefferson County Board of County Commissioners declared a COVID-19 Local Disaster Emergency, which was extended by the full Board of County Commissioners through Resolution CC20-055 on March 16, 2020, until April 16, 2020, unless sooner amended, extended, or rescinded by the Board.

On March 13, 2020, the President of the United States declared a National Emergency due to COVID-19.

On March 15, 2020, the Center for Disease Control (“CDC”) recommended that all large events and mass gatherings of 50 persons or more be canceled or postponed for eight weeks to minimize the spread of COVID-19.

On March 16, 2020, the Executive Director of the Colorado Department of Public Health and Environment (“CDPHE”), pursuant to Colorado Revised Statute §§ 25-1.5-101(1)(a) and 25-1.5-102(1)(a)(I), closed bars, restaurants, theaters, gymnasiums and casinos by Notice of Public Health Order 20-22, which order was amended on March 17, March 18, and March 19, 2020 (“March 16 CDPHE Order”).

On March 18, 2020, the Governor of the State of Colorado issued an Executive Order ordering the suspension of normal in-person instruction at all public and private elementary and secondary schools in the State of Colorado due to the presence of COVID-19 ("March 18 Governor EO").

On March 18, 2020, the Executive Director of CDPHE, pursuant to Colorado Revised Statute §§ 25-1.5-101(1)(a) and 25-1.5-102(1)(a)(I), issued an order implementing social distancing measures, which limits gatherings of individuals to no more than (10) people to slow the spread of the COVID-19 virus ("March 18 CDPHE Order").

On March 18, 2020, the Executive Director of JCPH, pursuant to Colorado Revised Statutes §§ 25-1-506(3)(b) and 25-1-509(1)(c), adopted the March 18 Governor EO and incorporated any future modifications as well as any additional public health orders issued by CDPHE or the Governor of Colorado relating to COVID-19, adopted CDC's guidelines relating to social distancing and limitations on large events, and closed to the public County owned and operated buildings with limited exceptions. ("March 18 JCPH Order").

On March 19, 2020, the Executive Director of CDPHE, pursuant to Colorado Revised Statute §§ 25-1.5-101(1)(a) and 25-1.5-102(1)(a)(I), amended the March 16 CDPHE Order to also include nonessential personal service facilities and racetrack and off-track pari-mutuel wagering facilities, exempt institutions of higher education in the services of meals, clarify that hotel dining services are not exempted other than in room dining services, add a definition of gymnasium, and extend the March 16 CDPHE Order through April 30, 2020 ("March 19 CDPHE Order").

On March 21, 2020, the Executive Director of CDPHE, pursuant to Colorado Revised Statute §§ 25-1.5-101(1)(a) and 25-1.5-102(1)(a)(I), amended the March 18 CDPHE Order to further clarify those activities and functions that are exempted from its social distancing order ("March 21 CDPHE Order").

On March 22, 2020, the Governor of the State of Colorado issued an Executive Order D2020-013 ordering non-critical workplaces to reduce their in-person workforce by 50% and to implement tele-work capabilities to the great extent possible due to the presence of COVID-19 in the state ("EO D2020-013").

On March 22, 2020, the Executive Director of CDPHE, pursuant to Colorado Revised Statute §§ 25-1.5-101(1)(a) and 25-1.5-102(1)(a)(I), also issued an order defining critical emergency personnel, infrastructure, government functions, and other activities that are exempt from the directives of EO D2020-013 ("March 22 CDPHE Order").

II. NECESSITY OF THE ORDER

This Order is issued based on evidence of increasing occurrence of COVID-19 within Jefferson County, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of Jefferson County places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 virus in the general public, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout Jefferson County and the State of Colorado.

Making the problem worse, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in Jefferson County.

This Order also is issued in light of the existence of 73 confirmed cases of COVID-19 in Jefferson County, as well as at least 720 confirmed cases and at least seven deaths in the State of Colorado as of 4:00 p.m. on Monday, March 23, 2020, including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. Widespread testing for COVID-19 is not yet available but is expected to increase in the coming weeks. This Order is necessary to slow the rate of spread, and the JCPH Executive Director, in collaboration with the JCPH Board of Health and the Jefferson County Board of County Commissioners, will re-evaluate it as further data becomes available.

III. INTENT

The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible to slow the spread of COVID-19 to the greatest extent possible, while enabling the continuation of essential services, businesses and travel necessary to protect public health and safety, and for the continuity of social and commercial life.

When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements as defined in **Section 5**, below. All provisions of this Order

should be interpreted to effectuate this intent. Failure to comply with any of the provisions of this Order constitutes an imminent threat and creates an immediate menace to public health.

IV. ORDER

Hereby finding it is essential that the COVID-19 virus be slowed to protect the ability of public and private health care providers to handle the influx of new patients and safeguard public health, and because the risk of the rapid spread necessitates quick action to protect all members of the community, especially including our members most vulnerable to COVID-19 and also health care providers, this **STAY AT HOME** ("Order") requires all individuals anywhere in Jefferson County to **stay at home** – except for certain essential activities and work to provide essential business and government services or perform essential public infrastructure construction, including housing.

Consistent with the declarations in Sections I, II, and III above, and pursuant to the authority granted the Executive Director of JCPH in C.R.S. §§ 25-1-506(3)(b) and 25-1-509(1)(c), the following is ordered:¹

1. All individuals currently living in Jefferson County are ordered to stay at their place of residence. To the extent individuals are using shared or outdoor spaces, they must at all times, as reasonably possible, maintain social distancing of at least six feet from any other person when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, or to operate Essential Businesses, all as defined in Paragraph 5 below. Individuals experiencing homelessness are exempt from this section, but are strongly urged to obtain shelter, and governmental and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable (and to use COVID-19 risk mitigation practices in their operation).
2. All businesses with a facility in Jefferson County, except Essential Businesses as defined below in Paragraph 5, are required to cease all activities at facilities located within Jefferson County, except Minimum Basic Operations, as defined in Paragraph 5. For clarity, businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (e.g., working from home). All Essential Businesses are asked to remain open. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Paragraph 5 below, including the maintenance of six-foot social distancing for both employees and members of the public, including, but not limited to, when any customer is standing in line.

¹ This Order is in addition to all Executive Orders issued by the Governor of Colorado and all public health orders issued by CDPHE. If there is conflict between this Order and any Executive Order or CDPHE Order, the most restrictive order applies.

3. All public and private gatherings of any number of people occurring outside a single household or living unit are prohibited, except for the limited purposes as expressly permitted in Paragraph 5. Nothing in this Order prohibits the gathering of members of a household or living unit.
4. All travel, including but not limited to, travel on scooter, motorcycle, automobile, public transit, or any other public or private mode of travel, except Essential Travel and Essential Activities as defined below in Paragraph 5, is prohibited. Persons may use public transit only for purposes of performing Essential Activities or to travel to and from work to operate Essential Businesses, perform Minimum Basic Operations, or maintain Essential Governmental Functions. People riding on public transit must comply with Social Distancing Requirements as defined in Paragraph 5 below, to the greatest extent feasible. This Order allows travel into or out of Jefferson County to perform Essential Activities, operate Essential Businesses, or maintain Essential Governmental Functions.
